

GOT MH QUESTIONS?

Have you been looking for help with mental health?
Not sure how to connect?

Our VA Loma Linda **Mental Health Access Clinic** provides Veterans with same day access to mental health services.

When you come in to see us or call us, we will address your need that day and/or arrange for follow-up care, depending on the urgency. We may address your mental health care needs by providing a face-to-face visit, returning a phone call, arranging a telehealth visit, or scheduling a future appointment.

1. When a Veteran calls or visits VA Loma Linda, their mental health clinical needs are addressed and care is arranged **THAT DAY**.
2. When a Veteran calls for a new mental health appointment, s/he receives a suicide risk assessment and immediate care if needed. And when they express a need for urgent attention they'll get to speak to a mental health provider **THAT DAY**.

An inter-professional team of social workers, psychologists, nurses, and medical staff is here to assist you. Walk-in, same-day mental health services are available here!
